Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliance vanish like the bloom from a peach which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change, ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness.

As surely as the general health suffers when there is derangement of the health of the delicate womanly organs, so surely when these organs are established in health the face and form at once witness to the fact in renewed comeliness. Nearly a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs. Made wholly of those native, American, medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of woman's peculiar ailments.

For nursing mothers, or for those broken-down in health by too frequent bearing of children, also for the expectant mothers, to prepare the system for the coming of baby and making its advent easy and almost painless, there is no medicine quite so good as "Favorite Prescription." It can do no harm in any condition of the system. It is a most potent invigorating tonic and strengthening nervine nicely adapted to woman's delicate system by a physician of large experience in the treatment of woman's peculiar ailments.

Dr. Pierce may be consulted by letter free of charge. Address Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease.

In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, it uniformly cures all curable cases of this heretofore much dreaded disease. Those sand-like granular wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

FEDERATION OF LABOR.

The American Federation of Labor in session in Norfolk yesterday approved the annual report of Secretary Morrison, which shows a balance on hand October 1, 1907, of $127,910, this being an increase of $19 369 over the year 1906. The federation adopted resolutions as follows:

Directing its legislative committee to use every influence to bring about action in the Sixtieth Congress for the increase of postoffice clerks' pay.

Starting a campaign to expedite and systemize the regulation of convict labor.

Calling upon Congress for a small parcel post law as a relief from the "express company monopolies."

Authorizing the executive council to deal with the question of appointing organizers to teach immigrants in their own language the ideas of unionism, and asking that the "theatrical syndicates" be included as amenable under the anti-trust laws in restraint of trade.

Resolutions calling upon Congress to give navy yard employes injured while in pursuit of their duty the same remedy at law in damages as enjoyed by persons in private employ, and those calling for the legalizing of Saturday half holidays for navy yard employes in July, August and September of each year, were referred back to committees for revision, so as to include all classes of government employes.

The federation rejected the resolution calling for the building and repairing of all government-owned vessels in navy yards.

New resolutions presented call for 12 hours work only out of each 24 by all masters, pilots and engineers on American vessels; an investigation of the telegraph companies; federal officials to have charge of all national campaign funds; states to defray all primary election expenses; debarring from labor unions all not qualified to vote; election of all judges, State and federal, by the people; building and maintenance of a federation sanitarium; every possible war against the American Tobacco Company; to abolish objectionable efficiency cards in navy yards; compelling all railroad and transportation tickets to be made interchangeable; preventing injunctions against ticket scalpers, and calling for federal laws against any combination producing artificial scarcity in white paper for newspapers.

LINGERING COLD.

Withstood Other Treatment But Quickly Cured by Chamberlain's Cough Remedy.

"Last winter I caught a very severe cold which lingered for weeks," says J. Urquhart, of Zephyr, Ontario. "My cough was very dry and harsh. The local dealer recommended Chamberlain's Cough Remedy and guaranteed it, so I gave it a trial. One small bottle of it cured me. I believe Chamberlain's Cough Remedy to be the best I have ever used." This remedy is for sale by Gibson & Timberman and W. F. Creighton & Co.

BOGUS RELICS.

An alleged copy of Noah's diary upon a copper tablet, dug up in Michigan and offered for sale to a Wisconsin collector, has resulted in uncovering one of the cleverest relic swindlers of recent years. A former secretary of state is claimed to be implicated in the affair, and with him are a university museum curator and other Michigan men.

Michigan copper formed the basis of the enterprise, which consisted in manufacturing ancient relics out of copper, painting them green to represent verdigris, dipping them in corrosive acid and burying them in the mounds, after which they were dug up by relic hunting expeditions under the leadership of the promoters.

The affidavits of prominent citizens that they had seen the relics dug out of the ground were sufficient to secure their sale to credulous collectors. Indian copper implements, battleaxes or leaf copper, well-tempered spear heads and other supposed rare and anciently corroded relics that have been treasured in Michigan and outside museums are declared to be bogus, with the result that all collections of the sort are thrown under more or less suspicion.

As a finishing touch to a gigantic swindle the relic manufacturers branched off from Indian relics. They went so far as to dig up in the presence of reputable witnesses bronze tablets inscribed with hieroglyphics and symbols of the Biblical deluge and the tower of Babel.

A Hard Debt to Pay

"I owe a debt of gratitude that can never be paid off," writes G. S. Clark of Westfield, Iowa, "for my rescue from death, by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The ominous dry, hacking cough quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equaled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by all druggist. 50c and $1.00. Trial bottle free.

Ely's Cream Balm has been tried and not found wanting in thousands of homes all over the country. It has won a place in the family medicine closet among the reliable household remedies, where it is kept at hand for use in treating cold in the head just as soon as some member of the household begins the preliminary sneezing or snuffling. It gives immediate relief and a day or two's treatment will put a stop to a cold which might, if not checked, become chronic and run into a bad case of catarrh.

MR. BRYAN'S CANDIDACY.

Col. Henry Watterson was asked yesterday in Boone, Iowa, for his opinion on William J. Bryan's tentative acceptance of the democratic presidential nomination. He declared he had labored with Bryan to have him decline the nomination and to quit his "dog in the manger" attitude. Colonel Watterson said he realized that Bryan had it in his power to demand the leadership of the democratic party in 1908 or "defeat any other candidate by knifing him, as he did Parker.

Bryan's acceptance was no more than he had expected, however greatly as he regretted the action, because he thought Bryan could no longer create enthusiasm as he had done before the people too many times.

Asked about the assertion often made that the next President would be Roosevelt or Bryan, Colonel Watterson said that the nomination of Roosevelt was all Bryan supporters wanted, because they could then go to the people on the third term slogan. Bryan could carry New England in such a campaign, he thought. Roosevelt, by such an act, would Mexicanize this government, holding himself as greater than Washington.

As for himself, much as he disliked to do so, Colonel Watterson would vote for Bryan against Roosevelt in such a dilemma. He believed, however, that Roosevelt would decline another nomination, as he had nothing to gain and the republican party had many men of presidential caliber.

SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

SATURDAY EVENING, NOV. 16, 1907.

THE SUICIDE of former President Charles T. Barney, of the suspended Knickerbocker Trust Company of New York, affords another sad illustration of a fact, which should be apparent to all, that a man reaps what he sows. Barney was supposed to have been worth $9,000 000 a few years ago when he made a will. While his fortune shrunk considerably during the recent excitement in financial circles, he was still a millionaire when he died. It was at first supposed that monetary obligations drove him to self-destruction. This, however, is denied, and those who knew Barney best say he was a victim of remorse. The accusations of the divine monitor were too much for him; they could not be bribed and would not down, and he finally concluded to flee into a world where worse troubles and more hideous dreams may follow him. According to one of his intimates, Barney was not a God-fearing man. He could not live happily because his life was not moral. He lived a lie to his wife and children and sought to secure all the pleasure possible in life even at the expense of a faithful wife and innocent children. As was stated in a dispatch in yesterday's Gazette, the inner life of the man was hopelessly wrecked. It was the moral debt that he could not meet. It was remorse growing out of his neglect of his wife, that was eating away his heart. When the financial cloud broke over him the beautiful woman for whom he had practically deserted his wife, turned her back upon him, as is generally the case, while the dutiful wife, whose love he had forfeited, with all his faults loving him still, laid her fortune, inherited from her family, at his feet, and in his dying moments it was her who supported his head and her sympathetic face was before his eyes when they closed for the last time There is a warning here for others who make dum vivimus vivamus their motto and the Count of Monte Christo their ideal. The reaction will come sooner or later when all illicit pleasures will become as the apples of Sodom, while the gnawings of a bad conscience will make the remainder of life miserable indeed.

A VICTIM of her own miserly passion, Mrs. Caroline Barry, an aged recluse, whose wealth is estimated at $1,000,000 was found dead a few days ago amid squalid surroundings in the kitchen of her home in Brooklyn. The woman was lying wedged between a table and a bureau where she had fallen in a spell of weakness, due to lack of food. She had been dead a week. Mrs. Barry was eighty-six years old and though left an immense fortune by her late husband, she denied herself every comfort of life and eventually its necessities. Such people are not rare. They will be found in the histories of all countries, especially in England. The "Eccentric Biography," published in London many years ago, tells of a number of men and women who were in their time possessed of wealth, but who preferred to live as paupers.

MR. ROOSEVELT today signed the proclamation that made Indian Territory and Oklahoma a State of the union. The signing put in motion the machinery of the State government at Guthrie, Oklahoma, taking control from the republican appointees and putting it in the hands of the duly elected democratic officers where it is hoped it will long remain.

A GREAT outburst of flame has been noticed on the sun by the astronomers. The heat has not been felt in Alexandria, however.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, Nov. 16.

Indian and Oklahoma territories became the State of Oklahoma at 10:15 a. m. today. At that hour President Roosevelt in the presence of Senators Warner, Dixon and Carter and a few other spectators affixed his signature to the proclamation creating the forty-sixth State of the Union. The pen used will be presented to the historical society of the new State. As soon as the proclamation was signed it was flashed to the new State. The proclamation contains a lengthy preamble, reciting, in a number of "whereases," that Congress prescribed certain conditions for the joint statehood of Oklahoma and Indian Territory; that such conditions had been fulfilled, and that it appears that the government of the proposed State is republican in form, and in accordance with the constitution of the United States and Declaration of Independence. Oklahoma's star will not be set in the flag of the union until July 4th 1908.

"Our relations are delightfully pleasant," exclaimed Senator Foraker, of Ohio, today, as he left President Roosevelt's office. The Senator, who spent several minutes with the President, said that the subject of finance had occupied most of their time. "I had a very pleasant chat with the President, very pleasant indeed," said the Senator. "The President wished to get my views on emergency currency, and I told him what I could on the subject. But nothing has been decided upon, I understand." "Did you discuss the subject of the presidency?" the Senator was asked. "If we did, I have forgotten it," he replied.

In the lull following the adjournment of court over the week end, Mrs. Bradly's attorneys are devoting their time to perfecting the defense, and amplifying the unexpected points in their favor, which were brought out in the testimony of the government witnesses. To make her story as graphic as possible, with all its despair and suffering and penitence, will be the object of the defense when it presents its case. The first witnesseses for the defense, will be examined Monday morning. Mrs Bradley herself will go on the stand probably Tuesday or Wednesday.

"Keep moving, gentlemen" will be the song of the Pinkerton officers to the bookmakers when the first race of the fall meeting of the Washington Jockey Club is run at Bennington this afternoon. But the bookmakers will only have to shuffle from one foot to the other to take bets to their hearts desire. The police will not interfere for according to the peculiar wrinkles of the district cods, it isn't gambling if you keep moving. Owing to the fact that the bookies here really have to work to get their money, a number of the big layers who have been operating at the New York tracks and who are two strong to walk will not be in the Benning's ring. The meet will continue for thirteen racing days. Today's star events are the Bladensburg Steeplechase Handicap and the Columbia Handicap. Their is a good string of entries for each of the six races. The biggest arrival of followers of the ponies made up of those traveling in the Cavanaugh Special, 1,500 in number, reaching here at 1 a. m. today.

Federal inspection of grain under the direction of the Agricultural Department will be recommended by President Roosevelt in his forthcoming message to Congress. Senator McCumber of North Dakota, after a conference with the presidency today made this announcement: "The cost of inspection will not be increased over what it is at present under the regulations of the various States" said the Senator," and will be anywhere from 15 cents to 75 cents a car. It will cost about $800,000 to put the system into effect."

A number of Virginians are here today to witness the football game between the Georgetown and the University of Virginia teams. The University boys, about 500 strong, and headed by the Stonewall Jackson Band, of Staunton, arrived here this morning and marched to the Arlington Hotel. Later they were joined by their team and proceeded to the Georgetown field.

Rear-Admiral Evans denied today that there was a feud between himself and President Bowles, of the Fore River Shipbuilding Company, who was formerly chief naval constructor.

Rev. Sydne K Evans, assistant pastor of the Church of the Heavenly Rest (Episcopalian), New York city, has been appointed a chaplain in the navy to fill the vacancy created by the enforced retirement of Chaplain Harry W. Jones, who was recently tried by court martial and dismissed from the service.

Viscount Aoki, the Japanese ambassador, will entertain a party of personal friends in official life at dinner tonight in honor of Rear Admiral Robley D. Evans, commander of the Atlantic fleet, as his personal friend.

As a result of a conference at the White House between President Roosevelt, Secretaries Root and Cortelyou, and Postmaster General Meyer, which did not break up until after midnight, it is likeley that the government will issue a block of Panama canal bonds. An issue of $50,000,000 worth of these securities would serve to draw out a lot of hoarded money, besides affording the banks opporunity for additional circulation. The President's advisers are of the opinion that under the law the Treasury Department may issue bonds to this amount at any time now. Secretary Cortelyou has received assurances from New York financiers, that he would have no difficulty marketing the bonds at a satisfactory price. The last issue of $30,000,000, went at $104 086.

Steps are being taken to give to the national guard of the United States its proper military standing, in the opinion of the progressive element of the guard, namely to make it in effect as well as in theory the second line of defense of the country and to ensure that in case of necessity these organizations shall be the first to be called out.

VIRGINIA METHODISTS.

At yesterday's session in Petersburg of the Virginia Conference of the Methodist Episcopal Church South delegates to the laymen's missionary union to be held in Chattanooga, Tenn., in April next were announced. There are nine delegates from each district.

The following young preachers were admitted on trial: W A. Smart, of Charlottesville district; Orville M. Harris and A. K. Landim, of Lynchburg district; Joseph W. Bouldin, Granville B. King and R. V. Owen, of Danville district; Charles E. Johnson, of Petersburg district; John C. Robertson, of Portsmouth district; L A. Smith, of the Eastern Shore district; John S. Maxey and James E. Daniel, of West Richmond district.

The conference was addressed by Rev. Dr. J. D. Hammond, of the Board of Education. Dr. Hammond spoke especially of the work of education among the colored people and referred in most complimentary terms to Prof. J. W. Gilbert, of Payne Institute.

Professor Gilbert, in an address, referred to the fact that he had visited Athens, Greece, and had, as well as he could walked in the footsteps of St. Paul, but he was most proud of being a humble worker in the colored ranks than he was of his experience in Athens.

Dr. W. W. Smith presented and read a paper bearing upon the denominational test in the board of trustees of Randolph Macon College, a question raised by Dr. Cannon. The paper was referred to the commission on education.

A resolution was adopted by the conference declaring that the conference desired "to express our gratitude to Almighty God for the unusually large number of well-equipped young men who have been admitted on trial into the conference at this morning's session and in view of the great needs of the work, we pray the Lord of the harvest that He will send even more laborers into His vineyard."

Rev. C. L. Bane was dropped from the ministry, his moral character having been questioned.

QUEEN VICTORIA'S HAIR.

Its Great Profusion Was Always a Cause of Wonder.

Even at the age of 80 years, Queen Victoria's hair was a marvel of luxuriance. The court physician, following Prof. Unna's discovery, undoubtedly, treaty her Majesty's scalp with a germ destroying preparation, that was not made public. It is now known, however, that the remedy for dendruff, the germ destroying element, is embodied in Newbro's Herpicide, the only hair preparation on the market that does not destroy the dandruff germ. Without dendruff, hair will grow profusely, and falling hair will be stopped. "Destroy the cause you remove the effect." Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Two sizes—50 and $1.00. E. S. Leadbeater & Sons, Special Agents. 79

CONFEDERATE DAUGHTERS.

Yesterday's session of the U. D. C. convention in Norfolk were chiefly occupied with the reports of the State divisions.

During the morning session Mrs. S. E. Gabbett, of Atlanta, Ga., who has been custodian of the crosses until the past year, was presented by the United Daughters, in recognition of her able services, with a gold cross, modeled upon the design of the mementoes bestowed by the society upon the veterans. The presentation was made through Mrs. Henderson, the president general. Announcement was made that Mrs. Smith Morris, of Harford county, first State vice president for Maryland, had a severe fall when en route for the convention, and had broken her arm.

Mrs. Montague, wife of ex-Governor Montague, of Virginia, appeared before the convention in behalf of the Confederate Women's Home in Richmond.

In the evening a historical and musical entertainment was given at Odd Fellows' Hall by the Pickett, Buchanan Chapter, of Norfolk, in honor of the visiting daughters. This chapter has been most generous in its hospitality to the convention, providing a handsome luncheon each day for the entire delegation, in addition to the elaborate affairs arranged for their evening entertainment.

The election of national officers will take place today. Mrs. Stone, of Texas, is spoken of as the probable successor of Mrs. Henderson, as president general, though there is a strong sentiment toward conferring the honor upon Maryland. Mrs. F. G. Odenheimer, president of Maryland division, has been approached by the nominating committee with a view to her candidacy, but she declined the nomination.

There is much interest in the grand Virginia ball to be held on the night of November 21. Every city in the State has been invited to select a sponsor and maids of honor to represent it at this function. Many cities have already done so, and many of the ladies are to remain at the exposition throughout the week. Mrs. J. A. Dickey, wife of the mayor of Bristol, Tenn., has been chosen sponsor for that city which lies in two States. Eight maids of honor, four from the Virginia side and four representing the Tennessee citizens of Bristol, have been chosen.

They are Mrs. John I Cox, Miss Pauline Cody, Miss Kate Haynes, Miss Marjorie Linn Caldwell, Miss Corrinne Brown, Miss Mamie McNeel, Mrs. S. V. Fulkerson and Miss Susie Brown.

Mrs. Emily Fletcher, the sponsor chosen by Warrenton, is at present one of the hostesses of the Virginia building. Mayor Thomas E. Thornton, in his letter notifying the exposition of her appointment, says:

"I am happy to present to you such an accomplished, beautiful and charming young lady, one so admirably suited for the position you offer."

Wythville has named a sponsor and two maids of honor as has Abington.

Out of Sight.

"Out of sight, out of mind," in an old saying which applies with special force to sore, burn or wound that's been treated with Bucklen's Arnica Salve. It's out of sight, out of mind and out of existence. Piles, too, and old chilblain disappear under its healing influence. Guaranteed by druggists. 25c.

THE BAPTISTS.

The General Baptist Association of Virginia was brought to a close in Danville last night with several interesting addresses on the subject "What Shall Our Denomination Seek to Achieve in This Century?" The speakers were former Governor A. J. Montague, of Virginia, who spoke on "Social Reform;" Prof. S. C. Mitchell, of Richmond College, who spoke on the educational phase of the subject, and Dr. B. D. Gray, of Atlanta, the corresponding secretary of the Home Mission Board, who spoke on "Missionary Endeavor."

At the morning session T. H. Ellet, of Richmond, presented the report of the ministers' relief fund, which showed the total income for year ended October 31 to have been $6,466, or $32 less than last year. Mr. Ellet and others participated in a discussion of the many benefits of the ministers' relief fund and the necessities of the association. Among those who participated in the discussion were Dr. R. H. Pitt, of Richmond; E. E. Dudley, of Norfolk; J. T. Tucker, of Swansboro, and others.

A feature of the morning session was the presentation by Dr. Ryland Knight of the report on temperance, which reviewed the many strides and victories won by the cause and indorsed the Anti-Saloon League. The report urged that a systematic fight be continued against the whisky traffic.

At the afternoon session Moderator Henderson announced the appointment of the committees.

The weather today has been suggestive of Indian summer.

Today's Telegraphic News.

The Midgets Case.

[Special Dispatch to the Alexandria Gazette.]

Richmond, Va., Nov. 16.—The Supreme Court today dismissed the writ of error it had previously granted in favor of Geo. Midgets, alias William Johnson, who is under sentence of death for the murder of policeman Charles T. Smith in Alexandria. The court's order of dismissal entered today makes it appear that the Supreme Court granted the writ under a misapprehension.

School Appropriation.

[Special Dispatch to the Alexandria Gazette.]

Richmond, Va., Nov. 16.—A concerted move will be made at the next legislature to increase the annual appropriation for public schools from four hundred thousand to six hundred thousand dollars.

The New State.

Guthrie, Oklahoma, Nov. 16.—Oklahoma, the forty-sixth State of the union, became a reality shortly after 10 o'clock today when word was reached that President Roosevelt had signed the statehood proclamation. Immediately Governor Franz and other territorial officials resigned. At 11 the inauguration of new officials began with much pomp and ceremony. The oath of office were administered in the Carnegie Library after Governor C. N. Haskell, in an address reviewed the statehood fight and praised the State's constitution. Haskell characterizes Roosevelt's admiistration as "spectacular," and Judge Landis' fine of the Standard Oil as having been the cause of the present financial stringency. Haskell suggested the closing of the New York stock exchange as the proper remedy to bring about normal conditions. A symbolical marriage of Oklahoma and Indian Territory ended the ceremonies. Indian Territory was represented by a full blooded Choctaw Indian maiden. The feeling between the newly elected democratic officials and the retiring republican officials was shown in the parade to Island Park for the barbecue. Governor Franz, President Roosevelt's rough rider friend, was missing. Haskell and he passed many bitter words during the campaign and the breach has not been healed. Haskell will appear at the State ball tonight in a business suit while his wife will wear an imported gown.

The New Cunarder.

London, Nov. 16.—Cunarder Mauretania, the Lusitania's sister ship, will leave Liverpool this evening on her maiden voyage across the Atlantic carrying nearly $14,000,000 in gold, the world's record for shipment of precious metal.

The vessel's officers say the ship will beat the Lusitania's speed record, too, as they expect to see her average close to 27 knots. She has already made a fraction better than 27, but is not counted on to keep up so fast a pace from "land to land."

Though sister ships, the Mauretania and Lusitania are not identical. The former is a trifle longer that the Lusitania and has engine room improvements which are expected to give her at least 5 per cent more power.

Though the Mauretania may smash speed records, there is little hope her passengers will be landed Thursday. The Cunard Company will not allow her to enter the Ambrose channel except by daylight, and the wildest dreams to her owners do not contemplate a trip which will bring the liner off Sandy Hook before darkness Thursday.

Prince Charles Married.

London, Nov. 16.—Prince Charles of Bourbon, whose first wife, King Alfonso's sister, died three years ago, was married at Wood Norton Worcestershire, today, to the Princess Louise d'Orleans, sister of the French pretender. King Alfonso and his consort and the Queen of Portugal were among the guests. There were also forty princes and princesses from all over Europe. The ceremony was preformed according to the Roman Catholic ritual. Arrangements have been made for entertaining 400 guests four days' at a cost of $150,000. The bride's wedding gown and veil costs $25,000 and the gifts are estimated to be worth $1,000,000. Wood Norton is the Orleans country home.

Suicide.

New York, Nov. 16.—Chatting cheerfully, though in an unknown tongue with a group of children who played about him, an unknown man loaded a revolver today, pressed the muzzle to his temple and blew out his brains. A card in his pocket gave the name Fryis-Hjorth, theatrical director at 201 Bowery. He was not there, however. A bystander protested vigorously and tried to wrest it from the owners hand but failed. The latter's temper seemed ruffled and an instant later he shot himself.

Young Woman Murdered.

Philadelphia, Nov. 16.—Emma Turner, a pretty 17-year-old girl, was fatally shot on her way to work today by a man she is believed to have angered by refusing his hand. The girl died an hour later at the Frankford Hospital. The police are looking for Alfred Wenok, whom they accuse. The assassin had evidently intended to commit suicide, for he pointed the revolver at his own head after the girl fell. He sat a moment, but seemed to loose his nerve and turned and fled.

Attempted Suicide.

New York, Nov. 16.—Mrs. Lulu Wrigley, a wealthy widow, telephoned to her physician, Dr. F. W. Langstrath, today to call at her 111th street and Amsterdam avenue apartment to take charge of her corpse and pet dog. The corpse might have been ready had not Dr. Langstrath responded instantly. He found the apartment filled with gas and Mrs. Wrigley unconscious. She was hurried to a hospital, where hard work saved her life.

Construction Work Stopped.

San Francisco, Nov. 16.—Acting on instructions received from Harriman and Santa Fe headquarters which jointly control the Northwestern Pacific Railroad, President A. H. Payson, of the latter road, yesterday ordered all construction work on the line along the northern California coast to Eureka suspended indefinitely. It is understood that operations will not be resumed until after the presidential election.

JAMESTOWN EXPOSITION.

Throughout Virginia a wave of interest in "Old Dominion Week," November 18, 19, 20, 21, 22 and 23 at the Jamestown Exposition is manifesting itself in enthusiastic endorsement of the plan for the celebration of special days by the cities of the State, and the attendance of a vast throng of Virginians is assured.

Mayors of many cities have issued proclamations, calling upon the local merchants to close their shops, advocating the closing of public schools, and urging the citizens of the municipalities to visit the exposition for a special day at the big show.

Bristol, Va.—Tenn. has selected Wednesday, November 20, to celebrate as Greater Bristol Day. The mayor and many prominent citizens will attend. Pulaski will probably celebrate on November 21. Wytheville has selected Nov. 21. The mayor and councilmen and a large number of citizens will form the delegation of the latter place to the exposition.

November 22 has been selected as Alexandria Day.

Smithfield and Suffolk will celebrate on Monday, November. 18, which is also Isle of Wright, Nansemond and Southampton Day.

J. U. Burges, Commonwealth's Attorney, will be the orator of the day for Suffolk and E. H. Williams will make the response for Smithfield.

Abington, Warrenton and many places in the far western part of the State have been heard from and are taking up the matter of special celebrations. From other sections of the State like interest is manifested.

MORE TROUBLE WITH JAPAN.

The Chamber of Commerce of San Francisco resolved Thursday night to ask the California delegation in Congress to inquire into the action of Japan in an alleged attempt to override the treaty existing between the United States and Korea, with the result that goods from the United States will be charged the same rate of duty in Korea as in Japan. This would mean an increase of 40 to 50 per cent. on American shipments to Korea.

The matter was called to the attention of the Chamber of Commerce of San Francisco by H. Hulbert, who it is said, is the official representative in America of the deposed Emperor of Korea. Hulbert addressed a communication to the Chamber of Commerce in which he stated that Japan had taken the initial steps of a course which, if carried to fulfilment, would mean the destruction of American influence not only in Korea, but in China as well. The United States has a close trade treaty with Korea. Under this agreement American goods enter the hermit kingdom upon the payment of 7 per cent. duty. In the process of reorganizing the affairs of Korea, Japan has undertaken to revise its customs arrangements. This rearrangement, it is stated, contemplates a customs union between Japan and Korea with the same rate of duty for Korea as Japan.

MURDERED BY COLORED GIRL.

Wearing a silk underskirt and other clothes of her dead mistress, Clare Barrow, a negress, about 18 years, was yesterday arrested in New Orleans on the charge of having murdered Mrs. Bessie Carter, at the latter's residence in the Old French quarter of New Orleans, Thursday night. The girl, who had long been employed by a confidential maid of Mrs. Carter, was the first to give the alarm and was suspected by the police soon after they began an investigation. When put through a "swetting" process yesterday she broke down and acknowledged it was she who had inflicted the ghastly wounds in Mrs. Carter's neck and head.

The scene of the crime is an expensive lodging house in which Mrs. Carter occupied a room on the third floor. Her body was found in the basement with rents in her clothing as if she had struggled fiercely. How it got there the police have not discovered. Nothing except an armoir was disturbed in her room. This piece of furniture had been pried open apparently with the same sort of instrument with which Mrs. Carter was murdered.

DYING MAN'S WILL.

Charles T. Barney, who shot himself in his home at Park avenue and Thirty eighth street New York Thursday morning, made a will while he was still conscious after the shooting and before the operation was performed by the doctors in the effort to save his life. By this will his widow gets what remains of his fortune after all his obligations have been paid. According to the statement made by his lawyers this ought to amount to $2,500,000. At least that is the amount, they say, by which his assets ought to exceed his liabilities.

For nearly an hour and a half following the shooting, and while he was suffering intensely, Mr. Barney talked with his lawyers about his affairs, signed many important papers, told of the will he wanted to make and, finally, when this had been drawn up by the lawyers at his bedside, he affixed his name to it and saw it witnessed. Not until all this had been attended to did the doctors administer the anesthetic. He died on the operating table.

New York Stock Market.

New York, Nov. 16.—11 a. m.—The stock market continued in acute depression and heavy in tone. Before the end of the hour prices in nearly all cases showed declines from yesterday's closing figures. Westinghouse was an exception, moving up 6¼ points, recovering nearly all of yesterday's loss London was a small seller. In government bonds the two's declined ½ and the three's lost ½; other bonds were irregular.

The Evening Post today says:

The anxiously awaited bank statement, which appeared at the close of business, showed a slight increase the deficit. In this it was doubtless disappointing to many people, but the change was so slight as to be of no importance, and the fact that the position was virtually unchanged, meant without question that it marks the turn in the situation.

VISIT TO NAVY YARD.

Congressman-elect C. C. Carlin visited the Naval Gun Factory, at Washington, yesterday in order to ascertain what legislation was needed to render the plant more effective. He interviewed Rear-Admiral E. H. L. Leutze, superintendent; Commander Jones, assistant superintendent; Foremen Lynch and Robinson and other members of the supervising force.

One of the greatest needs of the Naval Gun Factory at present, it is claimed is a new iron and brass foundry to take the place of the old foundry now in use which has been found totally inadequate to supply the large number of castings required at this plant.

A new foundry was recommended by the Secretary of the Navy, the Chief of the Bureau of Ordnance and the Superintendent of the Naval Gun Factory to the last session of Congress, but they failed to make provision for the same.

Mr. Carlin intends to do all in his power to secure the passage of this bill and also any additional legislation that is required to enlarge and complete the establishment.

Over one hundred mechanics of Alexandria are employed in the Naval Gun Factory, their pay roll amounting to between seven and eight thousand dollars per month, the great bulk of this being spent in this city.

MIDGETS NOT SUPRISED.

Midgets, alias Johnson, who is in jail here under sentence of death for killing Smith, of Alexandria, in 1906, was informed by Sergeant Chichester, Thursday, that a new trial had been refused him by Court of Appeals of Virginia. Midgets said he expected just such a decision and was glad the suspense was over and asked to be notified as soon as possible when he would be taken back to Alexandria to be resentenced. He also asked to see a minister of the gospel, which will be granted. Midgets is in good health and has a fine appetite. He does not seem to be much disturbed over his impending fate. He reads his Bible regularly and has between one of the pages a picture of the man he murdered and for whom he will suffer death. —[Fredericksburg Star.

Judge Barley will be absent all of next week and it is probable that nothing will be done in the Midget's case until his return.

WEDDING.

Miss Alice Rasin, daughter of the late Mr. and Mrs. I. Freeman Rasin, and Mr. J. S. Barbour Daingerfield, formerly of this city, were married in Baltimore today. The wedding was a very quiet affair, only the immediate families being present, owing to the deep mourning of the bride's family. The ceremony was performed at St. Ignatius Catholic Church by Rev. John M. Quirk, president of Fordham University, New York, assisted by Rev F. X Brady, pastor of St. Ignatius Church. The bride was given in marriage by her eldest brother, Mr. J. Freeman Rasin. There were no attendants. A small wedding breakfast for just the two families followed at the residence of the bride, Calvert and Chase streets. The young couple left later for a wedding trip, after which they will make their home at 1916 Sunderland Place, Washington.

HORSE RECOVERED.

Mr. Lemar Monroe, of Fairfax county, yesterday notified the station house in this city that a colored man named Morris Dean, who had been employed on his farm, had taken one of his horses away and that he believed the animal was in Alexandria. Lieutenant Smith and Officer Arrington soon located the horse and turned it over to Mr. Monroe. The latter lodged complaint against Dean and he will be arrested if found.

POLICE COURT.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Andrew Thomas and Charles Cash, both colored, charged with stealing shoes from Bernheimer & Co., were fined $10 each.

James Reed, arrested on suspicion of stealing clothing, was dismissed.

ALUMNAE ASSOCIATION AT ST. MARY'S ACADEMY.

St. Mary's Academy opened its doors for the first time September, 1869. Since that date it has enrolled thousands of pupils and sent forth many as graduates. The faculty now proposes to have all these graduates form into an Alumnae, as is customary in all schools of St. Mary's rank throughout the country. The first meeting for the purpose will be held in the Academy, Sunday, November 24th, at 2 p. m., and to this meeting all St. Mary's graduates, whether in academic, music or business course, are cordially invited. Young ladies living out of town who find it impossible to attend this initial meeting are requested to forward their wishes in the matter to the Academy. The e letters will be read at the meeting and the writers will receive in reply an account of the meeting and its results.

The object of the alumnae is to foster that spirit of loyalty to Alma Mater that ever characterized St. Mary's pupils, to give her graduates an opportunity of coming back once a year to the scene of their early labors, pleasures and triumphs and to enable St. Mary's to keep in close touch with the after career of the host of scholarly women who are now, and for all times will be, St. Mary's crown and glory. It is earnestly hoped each graduate who has been honored by St. Mary's medal and diploma will take a personal interest in the formation of the alumnae so that every eligible member may be enrolled at the first meeting.

HIGH SCHOOL LOSES.

A large crowd from this city, Washington and the surrounding country witnessed the football game between Woodbury Forest and the Episcopal High School teams which was played on the latter's grounds near this city this morning. The contest was for the championship of the Virginia colleges and resulted in the defeat of the Episcopal High School by a score of 14 to 8. Thompson and Frazier played a fine game for Woodbury Forest, Frazier kicking goal from the field. Brilliant and heady work was done for the High School by Dabney and Pendleton, the latter kicking two goals from the field. A number of the players and their friends attended the Georgetown-Virginia game this afternoon.

FATAL ACCIDENT.

Thomas Whaley, aged 30 years, an employee at the Firth-Sterling Steel Works at Geisboro, was killed this morning. The coat of the unfortunate man was caught in some of the machinery and almost in the twinkling of an eye one of his arms was torn off at the shoulder and his skull fractured and brains spattered on the machinery before it could be stopped. He lived a short time after the accident. Whaley had relatives and acquaintances in this city. The works were closed down after the accident. Several Alexandrians who are employed at the works were eyewitnesses of the terrible accident. The unfortunate man lived in Washington.

WASHINGTON JOCKEY CLUB.

With the tracks of the Washington Jockey Club in the best of condition, with entries from stables whose total of 800 horses have overtaxed the stall accommodations of the grounds, and under conditions which augur well for the success of the meeting, autumn racing on the Benning course began today. There will be thirteen days of racing, with a liberal sprinkling of important stake events. Betting conditions will be the same as last year, the several scores of bookmakers, instead of having fixed standards, moving constantly about the ring. The attendance today was large, a number of Alexandrians and other Virginians being present.

SHIRT PRESSES.

The Alexandria Steam Laundry Company has just installed a complete line of shirt presses which adds greatly to the efficiency of the plant and makes it one of the finest in the State, as it is now equipped with the latest and best machinery in every department. These new presses do away with the old method of ironing with a heavy roller, and there is absolutely no wear and tear by the new process, and the shirts are as nicely done as brand new ones. This institution gives steady employment to thirty people. A great portion of the work done by the Alexandria Laundry is brought here from Washington and small towns outside of this city.

CONCERT.

At the concert next Tuesday evening, St. Paul's choir will sing two choruses: "Spring Song" by Pinsuti, and Molloy's "The Song of the Triton." The solo quartette will each render one number, Mrs. De Dier singing Dell Aqua's "Villanelle;" Mrs. Fowler, Mascheroni's "Till Death," with violin and cello obligato; Mr. Maddox, Dudley Buck's "In Thy Dreams," and Mr. Wirt, "Oh Cruel Fortune," from Verdi's opera "Ernani." Miss Kate Smoot will make her first appearance in concert since her return from Italy, singing an aria from "Cavaleria Rusticana." Her many friends will be glad of this opportunity to hear her sing.

RELEASED FROM CUSTODY.

Ten or twelve days ago Officer Knight arrested James Reed on suspicion of stealing a suit of clothes he was endeavoring to dispose of to a second-hand dealer. The clothes were in a new valise. Reed was locked up in the station house, and the police have since been endeavoring to secure evidence against the prisoner, who protested his innocence of theft, averring that the clothing belonged to him. Nothing having been brought upon which Reed could be held, Justice Caton this morning ordered his release.

ARRIVAL OF BARGES.

The tugboat Dauntless arrived at this port yesterday with the barges Patuxent and John T. Donohue, from Norfolk, and barge Maryland, from St Mary's. The Dauntless proceded to Washington, and later in the day passed this city with the steamer Jane Mosely in tow bound for Baltimore, where the Mosely is to be repaired.

DIED FROM HIS INJURY.

Peter Richardson, colored, whose hip was crushed while at work at the Southern Railway round house yesterday, died this morning from his injury.

A Criminal Attack

on an inoffensive citizen is frequently made in that apparently useless little tube called the "appendix." It's generally the result of protracted constipation, following liver torpor. Dr. King's New Life Pills regulate the liver, prevent appendicitis, and establish regular habits of the bowels. 25c at all drug stores.

PERSONAL.

Rev. J. R. Sevier, who has been holding services at Floris this week, has returned to his home in this city.

A two horse team of Miss Kate Hickman, of near Mount Jackson, was struck Thursday by a Southern passenger train. Both animals were killed. J. D. Allen, the driver, was hurled a distance of forty yards, but escaped with a severe shaking up.

Mr. Harry Wheat has gone to El Paso, Texas, to spend the winter.

Judge Burley will go to Harrisonburg on Monday, where he will hold the fall term of the Rockingham Court.

Mt. Vernon Council, D. of A., gave an oyster supper at the Hotel Rammel Cafe after their regular meeting last night.

Rev. G. I. Humphreys, pastor of the Methodist Protestant Church, is spending a two weeks' vacation at his old home in Carroll county, Md. Tomorrow morning his pulpit will be occupied by Rev. S. F. Stokley, and in the evening by Rev. B. P. Truitt, pastor of the First Methodist Protestant Church, Washington, D. C.

DISORDERLY SOLDIERS FINED.

Three soldiers who terrorized passengers on an electric car while it was on its way to Mount Vernon last Sunday night were brought before Justice A. J. Payne, at New Alexandria, yesterday afternoon. The justice was a passenger on the train and witnessed the conduct of the soldiers, and being unable to procure the services of a constable, he issued the warrants and made the arrests himself. The soldiers were represented by Messrs. J. M. Johnson and S. P. Fisher, of this city. No one was present to conduct the prosecution, but the captain of the company to which the prisoners belonged was on hand ready to assist Justice Payne. The soldiers plead guilty as charged and the three were assessed $17.50. The captain pronounced another sentence after the magistrate had meted out justice which was to the effect that the men would be put at hard labor during the next thirty days and that $15 would be deducted from the pay of each.

THE DANCING CLASS.

The dancing class was as well attended last night as usual, among the dancers being quite a number from out of town. One of the regular figures of these dances is the immortal Virginia reel, which in racing parlance is a kind of "entree of all ages" from the young miss just learning her steps to the dancers of many seasons, and which dance will no doubt live as long as there is a Virginian left to lift a foot, and probably continue beyond the great Valhalla in those dances that the poets sing of so "Gaily trip it as you go on the light fantastic toe."

BASKET BALL.

The Alexandria Athletic Association and Company G, First regiment of the District militia, will play a game of basket ball tonight in the Association Hall on upper King street. The line up of the Alexandrians will probably be Dobson, Gray, Wilkerson, Battle, Thompson and Duble.

On Tuesday night, the 19th instant, the Alexandrians will play the crack team of the Second regiment. Ladies are cordially invited to attend.

PROPERTY SALE.

Mr. S. H. Lunt sold at auction today for S. G. Brent, J. M. Johnson and R. D. Bramback, commissioners, a lot of ground on Washington street, south of Montgomery, improved by a five room dwelling, to Douglass Stuart, attorney, for $695; a lot of ground on Washington street south of Montgomery to Estelle Lee for $200, also a lot adjoining to W. R. Lee for $180.

ELKS' MEMORIAL SERVICES.

Arrangements have been about completed for the memorial services of Alexandria lodge of Elks, which will take place at the Opera House Sunday, December 1. Admission will be by card only. These cards will be issued to members in a few days. Hon. Maurice Shephard, of Texas, will be the principal speaker of the evening.

LOCAL BREVITIES.

A radish, grown in Alexandria county, weighing 9¼ pounds was on exhibition at Aaron Odell's butcher's stall in market this morning.

The police of this city have been requested to look out for a youth named Herbert Kidwell, who recently ran away from his home at Hume's Spring, Alexandria county.

The square on Queen street between Pitt and St. Asaph is being repaved and the curbing set by Mr. Thomas L. Kelly. The work is progressing rapidly and will soon be completed.

Officer Lyles has sufficiently recuperated to resume his duties. He has been assigned to duty in the station house, and Officer Sherwood has taken Officer Lyles's place as patrolman.

Detectives from Washington were here yesterday searching for brass oil cups which had been removed from the steamer Estelle Randall. The cups, it is said, were brought to this city and disposed of.

The supply of country produce in market this morning showed a falling off from the offerings of last Saturday. Eggs sold at 30 cents a dozen and were scarce, but there was no material change in the prices of other articles.

The steamer Norfolk, due here this morning at 6:30 o'clock, did not arrive until 9:30, having been delayed by fog. As has been stated, the Norfolk will be taken off the route after today, and her place will be filled by the steamer Newport News.

A meeting for men will be held in the lecture room of the M. E. Church South, tomorrow afternoon, from 3:30 to 4:30 o'clock. An address will be delivered by Rev. P. P. Phillips. Subject: "Temptation." Solo by Mr. M. L. Dinwiddie.

Sip Gray, who lives in Greenwood's court, bounded by Queen, Princess, Fayette and Payne streets, reported to Lieutenant Smith today that some person entered his bedroom last night and stole $8 from his pantaloons which were hanging on a chair.

Biliousness and Constipation.

For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and catartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, helping the system to do its work naturally. —MRS. ROSA POTTS, Birmingham, Ala. These tablets are for sale by Gibson & Timberman and W. F. Creighton & Co.

He Fought at Gettysburg.

David Parker, of Fayette, N. Y., who lost a foot at Gettysburg, writes: "Electric Bitters have done me more good than any medicine I ever took. For several years I had stomach trouble, and paid out much money for medicine to little purpose until I began taking Electric Bitters. I would not take $500 for what they have done for me." Toys, Dolls, and Games.

Many new Toys have been added to the stock this week and will be shown today.

Our attempt to perfect this display has not been limited as to effort or expense.

The most celebrated factories of the Old World were visited, and the best of their productions have been brought to this country to make up this splendid stock.

It would be impossible to enumerate the multitude of playthings we have assembled, but we have chosen them to meet every child's idea of pleasure and every parent's idea of price.

The Toys are shown to best advantage in separate sections, under such perfect light that any defects are easily detected.

A special feature of the Toy Display is the

Exhibition of New Toys.

Exclusive novelties which were personally selected in Europe by our buyer, and which are controlled by us.

Our representative spent many weeks abroad visiting all the great toy centers.

He was a generous buyer at the great Annual Fair which is held at Leipsic, Germany, and which brings together all the celebrated toy manufacturers of the world. This famous exhibition this year far excelled any previous effort.

From this varied display of Toys from almost every country a special collection of novelty toys was added to our stock.

The Song Bird

Is one of our new toys, and one that will attract a great deal of attention. A very life-like bird warbles tuneful lays. This toy was made by one of the foremost toy manufacturers in France, and is wonderfully natural.

Our W. & L. Dollar Doll

Was made expressly for us in Germany. It is not the largest doll we could get to sell for this popular price, but it is absolutely the best doll value obtainable in this country for one dollar. It measures 22 inches (actual measurement) in height, is full ball-jointed, has the finest quality bisque head, sewed curly wig of natural hair, moving eyes, exposed teeth, and beautiful lifelike face. Alexandria Gazette.

SATURDAY EVENING, NOV. 16, 1907.

Had His Revenge.

The rivalry was great at the annual cricket match police versus publicans, and many friendly bets depended on the result. When the last batsman, Police Constable Robinson, walked to the wicket the police required only two runs to win, and naturally great excitement prevailed. He batted with due care until a loose ball came, and, hitting this past mid-on, he started for an easy run. He got home comfortably before the wicket was thrown down, but to his disgust he was given out.

"Why," exclaimed the indignant constable, "I was a yard past the wicket!"

"Mebbee," said the umpire in a supercilious tone, "but, yer see, it ain't what you say; it's what I say, an' I say you'm out!"

"But"— began the irate Robinson.

"D'yer remember," interrupted the umpire, meditatively scratching his nose, "sayin' to me 'bout six months ago, 'Don't argue with the law?' Well, you was the law that time an' I was run in. Now," he added, triumphant, "I'm the law an' you're run out!"—London Tit-Bits.

Pay of Army Officers.

A glance over the army list shows that over two-thirds of the officers are receiving less pay per day than good mechanics receive in civil life. The officer has no home, but must be prepared to live in the arctics or the tropics and change from one to the other at short notice. He must have equipment for both, and while in one place the equipment for the other is stored and deteriorating. He is sent on long journeys to distant stations and must suffer banishment from his family or take them along. Either is a great expense—on one hand for travel and on the other for maintenance of two establishments. His changes of station are so frequent that he must put his children in costly private schools or see them grow up in ignorance. Because he is an officer of the United States service to use the respectability of his position to add to his income commercially is regarded as reprehensible, and if he makes an investment he must intrust his interests to an agent.—Army and Navy Life.

The Old, Old Story.

Hot, tired and dusty, the excursion was returning from the seaside day trip, and Simkins, a little bald man with big ears, overcome with his day of happiness, dropped off to sleep. In the hatrack above another passenger had deposited a ferocious crab in a bucket, and when Simkins went to sleep the crab woke up and, finding things dull in the bucket, started exploring. By careful navigation Mr. Crab reached the edge of the rack, but the next moment down it fell, alighting on Simkins' shoulder. Not feeling quite safe, it grabbed the voluminous ear of Simkins to steady itself, and the passengers held their breath and waited for developments. But Simkins only shook his head slightly.

"Let go, Eliza," he murmured. "I tell you I have been at the office all the evening."—London Pick-Me-Up.

Men, Women and Adjectives.

Certain adjectives are reserved for men and others for women. A man is never called "beautiful." Along with "pretty" and "lovely" that adjective has become the property of women and children alone. "Handsome" and the weak "good looking" are the only two adjectives of the kind common to either sex. Even "belle" has no real masculine correlative in English, since "beau" came to signify something other than personal looks. It is singular that "handsome" should have become the word for a strikingly good looking person, since its literal meaning is handy, dexterous. But "pretty" likewise comes from the Anglo-Saxon word meaning "sly."

Beauty In the Angleworm.

If there is any living thing that seems to have nothing to relieve its ugliness it is the angleworm that crawls slimily across the sidewalk after a heavy rain. And yet even that is beautiful. Put a bit of its upper skin under the microscope and your ideas of the poor little worm will change mightily. It shimmers like the softest satin and sparkles with all the colors of the rainbow, for it is covered with little fine lines crossing each other like the cuttings in a glass vase.

The Smooth Handle.

Everything has two handles—one by which it may be borne, another by which it cannot. If your brother acts unjustly, do not lay hold on the affair by the handle of his injustice, for by that it cannot be borne, but rather by the opposite, that he is your brother, that he was brought up with you, and thus you will lay hold on it as it is to be borne.—Epictetus.

A Word For Nero.

"Nero fiddled while Rome burned!" exclaimed the student.

"Well," replied Mr. Growcher, "that's better than the custom many violinists have of practicing at a time when everything is nice and quiet otherwise."—Washington Star.

The Compromise.

"My bride wanted to go on a week's wedding tour, and I wanted to stay at home. Well, we compromised by going on a tour around the world."—Meggendorfer Blatter.
